

Dear Parents,

englisch

Are you having issues understanding the notes and information coming from the school?

Since the school year 2016/2017 we are offering a new service to help you understand the notes that are coming from school to facilitate the exchange of information for everyone.

For this purpose we have nominated contact persons for the main languages present at the school. These are parents of students coming from similar backgrounds and who also understand German. They are more than willing to help with any language barriers for the following:

- Translating materials coming from Kindergarten, School or the "Tageschule".
- Translating information given at the parent information sessions.

This service is free and on a voluntary basis. Please directly contact the following person for any help:

Martin Oesterle
079 834 34 35
